

# 2023 Nutmeg State Chamber Alliance Legislative Action Agenda

Visit [www.midstatechamber.com](http://www.midstatechamber.com) and [www.hamdenchamber.com](http://www.hamdenchamber.com) for contact information for area legislators!

Approved by the Boards of Directors of the Hamden Regional and Midstate Chambers of Commerce

The Nutmeg State Chamber Alliance represents the interests of nearly 900 member businesses and not for profit organizations in Hamden, Meriden, North Haven, Wallingford, and Berlin regions. The 2023 Legislative Action Agenda lists priorities that are the keys to maintaining economic opportunities and creating sound business growth and we ask that our legislators recognize the impact of their actions on business and to support a pro-business environment where:

- Regional solutions can be implemented to achieve cost savings and efficiencies can be demonstrated.
- The high costs of doing business in Connecticut would be recognized, analyzed and reduced so business can remain competitive.
- Businesses are profitable, thus, able to make investments in personnel, technology, machinery and equipment to open new business opportunities.
- Public / private partnerships are encouraged to support the long-term goal of revenue growth.
- Functions that must be performed by government are done more efficiently.
- Provide adequate and responsible oversight and regulation while outsourcing other functions whenever possible.

The 2023 Legislative Agenda is offered as a vehicle to build solid relationships and productive alliances with our elected and appointed officials of all levels of government in order to improve the business climate in Connecticut for the short and long term.

### The Economic Development agenda is to:

- Continue to seek and support public and private partnerships to procure expertise and funding sources for comprehensive development along the Hartford Line corridor.
- Coordinate housing policy as a tool and include major employers in making housing policy.
- Plan for and market the potential of a unified Transit Oriented Development (TOD) corridor along the Hartford rail line.
- Devote additional state resources to urban areas

for urban revitalization.

- Oppose arbitrary universal rent control so as not to discourage investment in the supply of affordable housing.

### The State Fiscal Policy agenda is to:

- Continue implementing a realistic State Fiscal Policy that requires efficiencies and cost reductions which review and eliminate costly and ineffective state programs and eliminate cost drivers.
- Continue funding Education as priority.
- Continue to align salary and benefit packages for state employees with those of the private sector.
- Preserve Enterprise Zone municipal reimbursements and DECD incentives and encourage and support Opportunity Zone investments.
- Continue to reduce the state pension liability.
- Utilize pandemic funding responsibly so as not to incur long-term and permanent, unsustainable costs.
- Provide adequate funding for contracts with not-for-profits that provide services more efficiently on behalf of the State of CT increase contracting for such services with non-profits.

### The Transportation agenda is to:

- Support the expansion and upgrade of Tweed New Haven Airport.
- Advocate for expansion of public transportation, especially buses, to align with the public and business needs.
- Encourage increased use of public transit in order to reduce traffic and improve efficiency throughout the region.

### The Workforce agenda is to:

- Continue Advanced Manufacturing, Healthcare and Trades programs and align with education for ample pipeline of talent and skills.
- Keep the state workforce skilled and competitive by investing in training programs through existing Workforce Investment Boards, community colleges, technical high schools and other resources to make Connecticut's businesses more productive and competitive.

- Advocate for programs, including affordable childcare and other incentives to allow people to return to the workforce.

### The Energy / Technology agenda is to:

- Encourage businesses and government – including transportation - to participate in energy efficiency programs including CPACE and renewable energy options.
- Take a fresh look at energy: including investigating rates, generation and distribution in the area and options and benefits of alternative systems and pre-planning for future capacity.

### The Education agenda is to:

- Develop and implement a sustainable system for funding education from early learning to post graduate education.
- Create a course of study which reflects the needs of Connecticut's business community, including financial literacy as part of high school graduation requirements.
- Continue to fully fund PACT (Pledge to Advance Connecticut) - the free community college tuition program.
- Strengthen the presence of Middlesex and Gateway Community Colleges and private universities in the region both now and in the future as the 12 community colleges consolidate into one statewide institution.

### The Health Care agenda is to:

- Support the continuation of Access Health CT.
- Maintain support of affordable and universal healthcare including Medicare and Medicaid funding.
- Promote a healthy community through the support of recreation programs, regional greenways and encouraging public / private partnerships.
- Develop continuous planning for future pandemics / crises to respond quickly and avoid economic damage to business and employment.
